

Zodiak Pannuhalli Stage 1:100
ZODIAK - Center for New Dance

There are six trusses 12 meters each.
 Motors (12 pcs) are hanging from three rails (yellow dotted line in the plot).
 Motors can be placed and slid anywhere on the three rails.
 There's a "balcony" that runs in each side of the space in about 7 meters height (black dash-dot-line in the plot). Handrail of the balcony is 50mm in diameter and can be used for hanging lighting fixtures, loudspeakers or such.

Total height of the space is c. 15 meters.
